

## JOHNSON GETS YEAR

Chicago, June 5.—Jack Johnson, the negro heavyweight champion, yesterday was sentenced to one year and one day in the state penitentiary at Joliet and fined \$1,000 for violation of the Mann white slave act.

Sentence was pronounced on Johnson after Federal Judge Carpenter had denied a motion for a new trial made by counsel for the negro. Johnson obtained two weeks' time in which to prepare a writ of error and the bonds for \$30,000 on which he has been at liberty since his conviction, was allowed to stand.

Half a dozen deputy United States marshals who had grouped themselves about Johnson in anticipation of resistance when the prison sentence was given, left the room when Judge Carpenter announced that the fighter could continue temporarily at liberty. The sentence to the state penitentiary is the result of a recent order from Washington that all persons convicted in the federal court of this district should be sent to the state prison owing to the crowded condition of the federal penitentiary at Fort Leavenworth, Kan.

Johnson left the court room declaring that he would not give up his fight for liberty and that if the writ of error were denied he would make further appeals.

The arguments for a new trial came up as a surprise late this afternoon. The case had not been set previously and the proceedings began with the unexpected appearance in the court room of Johnson and his lawyer.

"It has been hard to determine what punishment should be meted out in this case," said Judge Carpenter, in passing sentence. "We have had many cases where violations of the Mann act with a fine only. We have had other cases where defendants have been sentenced to one or two years in the penitentiary. The circumstances in this case have been aggravating. The life of the defendant, by his own admissions, has not been a moral one. The defendant is one of the best known men of his race and his example has been far reaching."

The court denied a request of counsel for Johnson that the negro be allowed to serve the term in the city Bridwell instead of the state's prison. Johnson was convicted May 10 of having paid for the transportation of Belle Schreiber from Pittsburgh to Chicago.

There is still expectancy of a cure that will turn out to be a sell.—Washington Post.

You would probably be surprised if you knew how much good has come out of your mistakes.

First, that new evidence has been discovered; second, that the verdict of conviction was contrary to law and against the weight of the testimony; third, that Sam H. Haas, a juror, was separated from the other jurors on two occasions when he visited a dentist's office; fourth, that a new trial should be granted in the interests of justice.

The motion was made before Justice Goff, who presided at Becker's trial. Joseph Shay, Becker's lawyer, submitted twenty-four affidavits, most of which have already been made public, of newspaper reporters and others who talked with Sam Schepps after he returned to New York. These affidavits are in support of the contention that Schepps was an accomplice of Jack Rose in the murder, and that therefore his testimony should have been considered as such.

Frank A. Moss, the assistant district attorney who conducted the prosecution, opposed the motion on which the court did not rule.

Washington, June 5.—Before the senate acts on the Underwood tariff bill the income tax section will be amended to remedy a defect which, it was discovered yesterday, would make the measure unconstitutional. When the framers of the income tax provision fixed January 1, 1913, as the date from which to compute incomes for taxation, they overlooked the fact that the constitutional amendment authorizing an income tax was not proclaimed as ratified until February 25, 1913. This fact was brought to the attention of the senate finance subcommittee which has the income tax under consideration and an amendment probably will be drafted at once.

Aside from the constitutional defect, arguments have been presented in favor of making the taxable income accrue for the first year from July 1 or later. As far as the constitutional limit is concerned, it would be legal to compute incomes for 1913 from March 1.

Senator Williams' subcommittee still has under advisement the scores of protests furnished by officers of mutual life insurance companies against their inclusion under provisions of the income tax law. The committee still is considering an amendment which would give such mutual concerns exemption if they are able to prove, after the tax has been assessed, that they are not conducted for profit and that all of their surplus earnings are participated in by the policy holders.

Action by the subcommittee to be ratified by the finance committee in putting live stock and grains on the

One vigorous protest came from the corn belt of Iowa before the action was announced.

## TIME FOR ARREST OF RIOT AGITATOR

Paterson, June 5.—Hannah Silverman, described as a "leader among Paterson's idle silk workers" was the chief figure of interest yesterday when thirty-five strikers and sympathizers were placed on trial charged with unlawful assemblage. The defendants were picked up about a silk mill on April 25 and refused to move when ordered to do so by the police, according to the indictment.

The police were buffeted by 400 to 500 pickets and besought Hannah Silverman to appeal to the mob for order. Mrs. Hester Pines testified that the girl only laughed at the request.

The prosecution rested its case after calling half a dozen police officers. After Judge Klenert had denied a motion to dismiss the defendants, Hannah Silverman was called as first witness for the defense. She is 17 years old and the only woman among the prisoners. She testified she was a picket on the day of her arrest and urged the throng to be orderly, but no attention was paid to her. Later she was standing to one side, she said, when a policeman took hold of her, saying:

"It's about time you were arrested."

She testified she was orderly and that her arrest was unwarranted.

Paris, June 5.—Fifty delegates of the great European powers and of the Balkan states met at the French foreign office yesterday to settle the financial questions arising out of the recent war in Turkey and especially to determine what portion of the Ottoman debt must be taken over by the Balkan allies. They will consider the question of a war indemnity. Their deliberations will probably last a considerable time.

Stephen Pichon, the French foreign minister, presided at today's meeting. He opened the session with a speech in which he expressed hopes for a satisfactory outcome. He afterward gave a luncheon in honor of the delegates.

## WAR DEBT OF BALKANS

Brigham City, June 4.—One stroke of lightning in Pocatello valley, Box Elder county, yesterday afternoon killed Arell Christenson, a sheep herder employed by a Beaver City firm. Christenson's faithful dog was killed also, and lay at his side, ten miles west of the Indian village, Wapshakle. Christenson was struck on the head and instantly killed.

When the body was first discovered at an early hour this morning by farmers residing in the immediate neighborhood, a rush message was sent to Sheriff John Olsen and County Attorney William J. Lowe that Christenson had been killed by foul play, and the officials made a hurried trip out there to investigate. They soon determined, however, that the man was killed by lightning. Farmers told the officials that but one flash had been noticed.

The body will be shipped to Hyrum, in Cache county, where Christenson had a wife and three small children.

DEATH SUMMONS NOTED HOTEL MAN

Salt Lake, June 5.—Wesley Austin, assistant manager of the Hotel Utah, was stricken last Friday with a stroke of paralysis, died peacefully yesterday.

day morning at 6:45 o'clock. After the attack Mr. Austin was practically unconscious all the time, although he regained consciousness several times for a few moments.

Funeral arrangements have not yet been completed, but will probably be announced today upon the arrival of Mr. Austin's brother George from Detroit, Mich. His niece, Mrs. Nodde, arrived from that city yesterday afternoon.

The stroke which caused Mr. Austin's death was suffered some time Friday night. Saturday morning the maid found him lying near the door of his room on the floor. The door had been partly pushed open, and it is supposed that feeling the attack coming on he had attempted to get to the telephone to call for help. When found he was unconscious.

George O. Relf, manager of the hotel, and D. A. H. Carter were called. As an emergency measure a hypodermic injection was administered, and when the patient recovered consciousness it was found that his left arm, left leg and part of his mouth and tongue had become completely paralyzed. Dr. A. J. Hosmer was called in to assist, and the two physicians gave narcotics to produce sleep. Since then the stricken man has alternated between a state of coma produced by drugs and periods of half-conscious wakefulness. During his brief periods of consciousness he laughed and joked with those who visited him.

WELCOME NEWS FOR OGDEN PEOPLE

Ogden people who have stomach and bowel trouble will be glad to hear that the mixture of simple buckthorn bark, glycerine, etc., known as Adler-ika, can be obtained at A. R. WILL ESTABLISH SPAWNING CAMPS

F. W. Chambers, state fish and game commissioner, left yesterday morning for Fish Lake, Sevier county, where he will establish spawning camps. There are now three spawning stations, one in Provo on the Provo river, Panguitch, Garfield county, on Panguitch lake and Blue Sprink creek, and one in Sevier county. Mr. Chambers, assisted by his deputies, will collect enough eggs from the three stations to supply all the state hatcheries for the summer hatch of eggs to stay a month.

The fishing season opens this year June 15 and no matter how anxious the fishermen are to get busy, the state department says no fishing will be permitted until midnight of June 14. After the season opens the limit will be fifty pounds in possession at one time and fifteen pounds a day.

The state fish department has recently received a number of inquiries concerning a darkness and daylight clause which misinformed persons suppose is in the law. Letters stating the law, that the closed hours are between 9 o'clock at night and 3 o'clock in the morning, have been sent out.

GOTHAM POLICE ARE INEFFECTIVE

New York, June 4.—Gambling and the social evil have been allowed to exist in this city because of ineffective efforts by the police to eradicate them, was charged yesterday in a report to the board of aldermen by the special aldermanic committee that investigated the police department after the murder of Herman Rosenthal, the gambler, last July. A previous report recommended to Mayor Gaynor the removal of Police Commissioner Waldo.

The report says the mayor and his commissioners had endeavored to force the laws against gambling, but their efforts were ineffective, while they have been the policy of two officials to enforce laws against the social evil, "only where outward conditions were disorderly or upon persistent complaint."

NEW COMET IS TO BE SEEN

The honor of the first comet discovery of the present year has fallen to the large telescope of the Nice observatory, which has certainly been the most successful instrument in this branch of astronomy since Prof. Perrine gave up the search for comets at the Lick observatory. This telescope is thirty inches in diameter, and with it M. Giacobini discovered twelve comets between the years 1896 and 1907.

M. Schumacher, who at present has charge of the instrument, has already discovered four comets—1911c, 1911h,

1912b and now 1913a—so that he bids fair to make a record. It is very unlikely that any observers with smaller instruments will have any chance in the future of discovering these faint objects, as the space penetrating power of a telescope is in direct proportion to the square of the aperture, and this observer makes a specialty of searching for them. A seeker after comets works every clear night in the year, in the absence of the moon; when the moon rises, he goes to bed and similarly when the moon sets he gets up, so that his hours of slumber are intermittent to say the least.

The present comet was discovered on May 7, and at that time was of the tenth magnitude, and only visible in the larger telescopes. It is now, however, brightening so rapidly that hopes may be entertained that it will shortly become visible to the naked eye. An observation last night showed it of about the sixth magnitude, a hazy, nebulous object without any appearance of a tail. It is at present situated 2 degrees north of the star Eta, in the constellation Hercules; is directly overhead at midnight and is moving in a westerly direction. The comet can be easily seen in an ordinary opera glass.

MASHER'S "HELLO" COSTS HIM \$25

Milwaukee, June 5.—After endeavoring for two years to become acquainted with a young woman here, Max Schuster summoned enough courage to speak to her yesterday. His first word caused his arrest. Schuster saw Miss Tena Safer two years ago and has watched and followed her daily since that time. Miss Safer appealed to the police but was told they could do nothing until the man addressed her. Schuster and Miss Safer met in a crowded car and he said "Hello." He was immediately arrested and fined \$25.

AWARDS CONTRACT FOR SUBMARINE

Washington, June 4.—Secretary Daniels awarded the contract for the construction of the submarine tender Bushnell to the Seattle Drydock and Construction company of Seattle, Wash., at \$935,000. The vessel is to be delivered to the Bremerton navy yard in 21 months.

CLERGYMAN VOTES AGAINST DRY BILL

Springfield, Ill., June 5.—Representative F. E. Lindsey of Chicago, Progressive, voted yesterday against the residence district bill, a local option measure, which was passed by the lower house of the Illinois legislature.

In explaining his vote he declared he was more than a clergyman and said he would rather see Illinois free than sober.

STATE OFFICIALS TO INSPECT DAIRIES

For the purpose of making an inspection of the dairies of Cache and Box Elder counties, Willard Hansen, state dairy and food inspector, and James Clawson, member of the state dairy and food bureau, left yesterday. These officials expect to be gone about four days.

Inspection trips are made whenever the department thinks conditions require them, and while there have been no reports of bad conditions in the counties named it was thought best on account of the likelihood of milk infection at this season of the year to look over the main dairies in the counties.

FIRE THREATENS TOWN.

Valley City, Kan., June 4.—Four buildings were destroyed, many other damages, and the entire town threatened with destruction by a fire that started early today. Firemen summoned from Wichita with their equipment, put out the fire. No estimate of the loss is estimated.

NOTICE ON ORDER TO SHOW CAUSE

In the District Court of the County of Weber, State of Utah.

In the matter of the estate of John T. Ballantyne, deceased.

Notice is hereby given that Harrison B. Child, the sole administrator of the estate of John T. Ballantyne, deceased, has filed with the undersigned Clerk of said court, his petition praying for an order of said court authorizing him to mortgage

the whole of the real estate of the said deceased for the sum of \$500.00 for the purpose therein set forth; and that on the 25th day of May, 1913, the above named court duly made and entered an order requiring all persons interested therein to appear before said court on Monday, the 24th day of June, 1913, at 10 o'clock a. m. at the court room of such court in the County Court House in Ogden City, in said County of Weber, to show cause why the whole of such real estate which is hereinafter described should not be mortgaged as prayed for in the petition. The real estate referred to is described as follows:

The northwest quarter of the northeast quarter of section 13, in Township Five North, of Range Two West of the Salt Lake Meridian, United States Survey, containing forty acres; and a part of the southeast quarter of section 12 in said township and range, bounded as follows: Beginning at the southwest corner of said quarter section and running thence north 4 minutes east 98.05 feet along the quarter section line; thence north 83 degrees 10 minutes east 1332.6 feet; thence south 4 minutes west 98.05 feet; thence south 83 degrees 10 minutes west 1332.6 feet to the place of beginning, containing three acres. The said forty-three acres comprised the homestead of the deceased, at the time of his death, and upon which his dwelling house is situated.

Also the southwest quarter of the southeast quarter of Section 11, in the Township and range aforesaid.

Dated May 28th, 1913.
